Wrinkles

Around the Eyes

Are usually caused by defective sight. Many women, and likewise men, look prematurely old from these wrinkles. The wrinkles in many cases can be removed by wearing correctly fitted glasses. To fit glasses correctly demands a thorough knowledge of refraction and the necessary instruments. We have both; hundreds of satisfied customers will say so.

NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU,
HIGH POINT, N. C. Nov. 17

Pawnee Bill's Wild West show will exhibit in Greensboro tomorrow.

The Salisbury Sun, of Tuesday, has the following to say about Joadwine and Burke's Concert and Comedy Co. who will show here tonight and tomorrow night: To say it is a good show would be putting it mild. It is by far one of the best companies that has visited here for some time. It is a clean and meritorious performance. Admission 15 and 25c. Reserved seats 35c.

The breakfast train was over two hours late this morning.

There is a young man staying here whose salary exceeds $1,000 a year, and they say he lives on persimmons and rabbits.

T. J. Redding, of Caraway, the only democrat elected in Randolph, has been in the city for two days and you would think from the number of parcels he carried home with him that he was fixing for another election.

The concert last night was attended by a very slim crowd, but it was no the fault of the company, it was the weather and the meeting at the Presbyterian church that prevented many from attending. We are by no means a judge of good music, but will say of this concert that it was a so-called high toned event, too much so at least for our people, the majority of whom had rather attended something a little "tamer." We do not see how they could sing or play at all to so small a crowd.

Workmen are laying a new floor in the postoffice building and enlarging the postoffice. Several new lock boxes will be put in.

Mr. Armstrong, agent for George Gould, is having the work pushed on Mr. Gould's hunting headquarters near Mr. Joe Worth's place in the eastern part of the city.

Several crates of pigeons were carried through here today to Brokaws Lodge for him and his friends to shoot.

Stewart-Foust.

Yesterday afternoon at the home of the bride's father, Mr. J. C. Foust, ten miles south east of town. Mr M. C. Stewart and Miss Ava Foust, were united in the holy bonds of matrimony. Mr. Stewart is a member of the Greensboro Hardware company and is a popular young business man, while the bride is one of the most highly respectable young ladies of her comunity. The ceremony was performed in the presence of about twenty-five friends and relatives of both parties

The happy couple left last night for a bridal trip to Asheville. A happy and prosperous married life is the wish of the Telegram together with their many friends.

The Testimony Continued.

By Wire to THE TELEGRAM.

Washington, Nov. 17.—Dr. Forwood continued his testimony before the war enquiry committee today, concerning the condition at Montauk, where he was chief surgeon. He said there were always a number of vacant beds in the camp hospital; that numbers of typhoid cases were taken away to the public hospitals in nearby cities, to satisfy public clamor, but that all could have been well cared for at the camp if necessary. Nine thousand patients were treated there.

The Spaniards Surrounded.

Manila, Nov. 17—The cruiser Charleston and the gunboat Concord have returned from Iloilo and report the situation of the Spaniards as critical. They are surrounded and the insurgents are attacking Molo and Jargo, large villages adjacent to Iloilo.

THE METHODIST CONFERENCE

Now in Session at Winston, Opening Yesterday.

MR. DUKE'S GIFTS TO TRINITY.

In Place of American Tobacco Company Stock He Has Given His Personal Check For $100,000.

The ninth annual session of the Western North Carolina Conference convened in Winston yesterday, Bishop O. P. Fitzgerald in the chair. He is a native North Carolinian, but moved to Georgia when a young man and later made his home in California. He is the author of a number of interesting books. He is a strong preacher, a good presiding officer and greatly loved by all with whom he comes in contact.

TRINITY ENDOWMENT.

The matter of greatest interest and importance, perhaps, which came up yesterday was that concerning Mr. Duke's gifts to Trinity College. President Kilgo, in making his report on that institution, among other things, said that efforts to secure endowments for the colleges from the churches at large had failed, but that Mr. Washington Duke had come to the rescue of Trinity. He had given largely in buildings, improvements and endowments and Trinity now has property and endowments to the amount of $528,000.

The college owes $40,000, which leaves $488,000, of which $290,500 has been given during the last three years.

There are today at Trinity 186 students, of whom 142 are in the collegiate department. This is the largest number of students that has ever been in this department.

Dr. Kilgo also explained Mr. Duke's gift of 910 shares in the American Tobacco Company, about which there has been so much controversy for a year or more.

The question was discussed thoroughly, and Dr. Kilgo was asked a number of questions.

He stated that Mr. Duke changed his donation about September 20th.

Rev. J. R. Brooks, a member of the board of trustees of Trinity stated that the board received a check on September 22nd for $100,000 from Mr. Duke to take the place of the trust stock.

This amount has not been included, but Mr. Duke is paying the college 8 per cent. interest on it and will continue to do so until the money is invested. The first $100,000 given to the college by Mr. Duke is now invested in the Virginia Fertilizer Company.

Dr. Kilgo was asked if the Methodist church at present had any connection with the American Tobacco Company.

He replied: "None, except that some Methodist preachers and laymen have stock in it; Trinity does not own any."

Dr. Kilgo also said that it was humiliating for him to defend as good a man as he knew Mr. Duke to be. He has been a faithful member of the church for 68 years.

After several happy remarks by ministers, the question which has threatened the peace of the Methodist church was amicably adjusted, to the entire satisfaction of every member of the conference.

Weekly Tobacco Review.

BY BRAY BROS.

The receipts on our market have been quite light during the past week, owing to the very great interest taken in the election on Tuesday. The people seemed to be worked up to a higher pitch politically than we have ever seen them before, and nothing has seemed to interest them at any time during the week except politics. We hope as soon as the jubilee is over and our great victory has lagged our planters will turn their attention to business and that we will have large sales with the first good season.

Our market is very active on all grades of tobacco and we think prices were better during the last three days than we have seen them at any time for six months past.

WAR-LIKE ACTIVITY.

Busy at The Department Preparing Troops For Service.

Washington, Nov. 16—There has been remarkable activity about the war department for several days in the way of preparing troops for service in lands beyond the United States. An order has been issued directing at least ten regiments of the regular army now stationed in Northwestern forts and posts to hold themselves in readiness for immediate transportation and service in tropical climates. Most of these regiments were sent to the northern and western posts a few weeks ago for recuperation after their Cuban campaign. While holding themselves ready for service these regiments will now be recruited to their full strength. Nothing is said officially as to what the present activity means, but there are several reasons.

It is believed that a large movement to Cuba is intended, somewhat sooner than has been generally believed heretofore. Another belief entertained is that the United States government desires to be in a position to meet any conditions that may grow out of the pending peace negotiations and to be in readiness if Spain refuses to accept the terms the American peace commissioners offer. In this connection an intimation has got about to the effect that during the delay which has occurred Spain has been able to form some sort of coalition with European powers to back up the pretentions she has been making in the negotiations.

Another reason given for the proposed movement of the regulars to Cuba is that they are to replace the regiments which have given some trouble and have created the disturbances, the last now being reported from General Wood's command in Santiago Province.

It may be that some of the regular regiments are destined to replace volunteers who have been pleading to be sent home.

An interesting feature of the matter is the refusal of the United States authorities to order the muster out of the volunteers who recently returned from Porto Rico. These regiments were sent to their homes and given sixty days' furlough, but contrary to the plans heretofore followed they were not allowed to be mustered out of service.

As to the ten regular regiments every department of the government has been directed to prepare supplies for them and to arrange transportation as soon as they are ordered to move.

WILL DEMAND ARBITRATION,

As to the Matter of Sovereignty in the Philippines.

By Cable to THE TELEGRAM.

Madrid, Nov. 17.—The decision of the Spanish peace commissioners to demand arbitration of the matter of sovereignty in the Philippine Islands is announced here. The German ambassador had a long interview with Duke Almodover and Del Rio, minister of foreign affairs, today.

SITUATION UNCHANGED.

Madrid, Nov. 17.—A despatch from General Rios, governor of the Visayas Islands, dated at Iloilo says the situation is unchanged, and that the insurrection is still spreading. The Spanish troops still maintain a defensive attitude.

RUPTURE IMPROBABLE.

Paris, Nov. 17—At yesterday's session of the peace commissioners Spain maintained the absolute recognition by the terms of the protocol of her sovereignty over the Philippines. At most she only consents to leave its interpretation to an arbiter. The Americans will not recede from ther position. The Spaniards think a rupture is improbable.

Will Order Dreyfus' Return.

By Cable to THE TELEGRAM.

Paris, Nov. 17—La Borie, counsel for Col. Picquart who is confined in the military prison, received authority to confer this afternoon with his client. In legal circles the belief is expressed that the court of cassation will soon order the return of Captain Dreyfus.

HAS RUSSELL GROWN TIRED?

Reported That He May Resign the Governorship.

COL. BOYD QUERIED ABOUT IT.

The Department of Justice Beseiged By the Refugees From North and South Carolina.

Special to THE TELEGRAM.

Washington, Nov. 17—There is a report in circulation that Governor Russell may soon resign his office. It is alleged that the governor has grown tired of the governorship, and that the leaders of the republican party of North Carolina are not in sympathy with him, and hold the governor responsible for the reverses which have overtaken the party in the state, and the south. Col. Boyd, Assistant Attorney General, who is perhaps the most prominent republican from North Carolina now in Washington, and who is very close to the governor, was seen yesterday afternoon at the department of justice. The colonel, when asked his opinion as to the report, stated that he had heard nothing about the governor's intentions, but from his manner, it was plainly evident that he does not believe that the governor will relinquish the office. Another story is that since the election the governor has become alarmed at the situation in the state, and fears to face the new democratic legislature, and in order to prevent the proposed impeachment proceedings that he will relinquish the governorship before the assembling of the body.

The department of justice is being besieged by the refugees from North and South Carolina to take action in regard to the troubles. Col. Boyd yesterday expressed the opinion that nothing would be done for the present excepting, perhaps, that steps may be taken to institute prosecutions against the leaders in the South Carolina troubles. In regard to Wilmington, Col. Boyd says that reports from the city indicate that everything there is running smoothly, and that the order of the city is being gradually restored. If there is no further trouble at Wilmington no action will be taken.

Capt. Evan P. Howell, of Georgia, was in Washington yesterday for the purpose of making arrangements for the visit of president McKinley to Atlanta next month. In addition to visiting Atlanta, the president will visit the famous colored seminary at Tuskagee, Alabama, which is under the supervision of the wellknown colored leader Booker Washington. Mr. Washington was at the white house yesterday for the purpose of extending to the president an invitation to visit the Institute. He was cordially received by Mr. McKinley, who accepted the invitation. It is likely that the president will visit Tuskagee after his visit to Atlanta is concluded, and will go from there to Savannah, provided he concludes to visit the latter city. It has not been definitly settled whether or not the president will visit Savannah this winter. It is said that it depends upon whether General Lee's corps is ordered to Cuba in the meantime.

Many other southern cities are anxious to have the honor of entertaining the president and his party when he goes to Atlanta. For some time there has been talk that Charleston, South Carolina, might send an invitation, and it is now said that Tampa, Florida is anxious to entertain him. At the white house it is stated that the president will be obliged to make his itinerary as short as possible, owing to the fact that congress will be in the midst of its session, and the pressure of public business will be very great.

YELLOW FEVER PROBLEM.

Receiving Earnest Attention From Washington Authorities.

By Wire to THE TELEGRAM.

Washington, Nov. 17—The yellow fever problem has been receiving earnest attention from the authorities of the marine hospital service and war department, owing to the important relations established with Cuba and other fever infected localities in the south; and also because of the recurrence of the disease within this country during this year.

The purpose is to prepare during the coming winter months for such an an efficient cordon of protection around the country that chances of the reintroduction of the disease will be reduced to the minimum, while at the same time points of infection in Cuba and elsewhere will be so improved by sanitation and guarded by quarantine that the main source of danger will be removed.

Already the marine hospital has begun its work by establishing a quarantine around Cuba. A large floating disinfecting plant is in operation in Havana harbor and a similar one at Santiago. These are to disinfect shipping coming to America.

The Gold Movement.

By Wire to THE TELEGRAM.

Washington, Nov. 17—The importations of gold into the United States during 1898 is by far the largest in the history of the country while the exportation has been the smallest in many years. The production of gold from our own mines has been the largest in the history of the country.

THURSDAY, NOV. 17, 1898.

The report of the trustees of Trinity College, which was read before the Western North Carolina conference yesterday shows a most encouraging and gratifying condition of things. It shows the college to be in better condition from a financial point of view, from the number of students in attendance and the number composing the faculty than at any time within the history of the college, as is shown by an examination of the catalogues as far back as 1873. Catalogues previous to that date have not been preserved on file. These facts along with the knowledge that the endowment fund is free from contamination and in a satisfactory shape should forever put an end to the question of "withdrawal" and other uncalled for discussions indulged in recently.

Now, that the matter of the investment of the Trinity College endowment fund has been settled and everybody is satisfied, will the unpleasant discussion continue or will another tack be taken? Those who have been "so sorry the college was a partner in a trust" might have saved themselves several weeks of pain had they taken the trouble to investigate the matter, for their own satisfaction, as others did.

The official vote of Guilford county is presented in this paper today. It will be observed that there are several slight changes in the figures since this table was printed a week ago. File this copy of the Telegram as it will be useful for reference when the next election time rolls around.

The most important matter handled by the board of aldermen of Greensboro in many years is that now in the hands of a special committee concerning street lights and street cars, to be reported to an adjourned meeting next Monday night.

Constipation prevents the body from ridding itself of waste matter. De Witt's Little Early Risers will remove the trouble and cure Sick Headache, Biliousness, Inactive Liver and clear the Complexion. Small, sugar coated, do not gripe or cause nausea. Howard Gardner.

A Democratic Family.

In Liberty township there are twenty-three Staleys who voted in the late election. During the days of populism some of these, like many other good and honest men, left the democratic party, and two or three have always been republicans. But this year the men of this old and respected family united solidly as one man and went to the polls in a body and voted the straight democratic ticket, with two exceptions.

One remarkably impressive feature of this proceeding was an old patriarch, Leonard Staley, and his eight sons standing side by side with the white man's ballot in their hands. And another interesting part of this unique exhibition was that Martin Staley, who has always been a republican when he voted at all, fell in line with his kinsmen and is one of the proudest men in the county.—Asheboro Courier.

How to Look Good.

Good looks are really more than skin deep, depending entirely on a healthy condition of the vital organs. If the liver is inactive you have a bilious look; if your stomach is disordered you have a dyspeptic look; if your kidneys are affected you have a pinched look. Secure good health and you will surely have good looks. "Electric Bitters" is a good alterative and tonic. Acts directly on the stomach, liver and kidneys, purifies the blood, cures pimples, blotches and boils, and gives a good complexion. Every bottle guaranteed. Sold at C. E. Holton's drug store. 50 cents per bottle.

Havana, Nov. 16—A joint session on the evacuation commissions was held today.

Captain General Blanco, in order to complete the evacuation of the province of Porto Principe by November 22, has ordered the transports Chandenagar San Augustine, Isle de Panay and Mexico, which are capable of taking on board about 5,000 troops, to leave at once for Neuvitas.

From New Zealand.

Reefton, New Zealand, Nov.23,1896.

I am very pleased to state that since I took the agency of Chamberlain's medicines the sale has been very large, more especially of the Cough Remedy. In two years I have sold more of this particular remedy than of all other makes for the previous five years. As to its efficacy, I have been informed by scores of persons of the good result they have received from it, and know its value from the use of it in my own household. It is so pleasant to take that we have to place the bottle beyond the reach of the children.

The body of Jay H. Adams, a noted railway lawyer, was found near Hope, Idaho, with the skull crushed, he having evidently fallen from a train.

The Best Plaster.

A piece of flannel dampened with Chamberlain's Pain Balm and bound on to the affected parts is superior to any plaster. When troubled with a pain in the chest or side, or a lame back, give it a trial. You are certain to be more than pleased with the relief which it affords. Pain Balm is also a certain cure for rheumatism. For sale by C. E. Holton.

The Social Standing

of most men is much higher than the sum of their income. To such men it must be good news to learn that they do not have to pinch themselves in order that they may pay the extravagant tailor's bills. We sell perfectly fitting clothes for business, semi-dress or full dress occasions of unquestionable style and superb qualities at prices which permit the saving of almost half tailor's bills. Our best clothes are made by the famous New York tailors, Messrs. Fecheimer, Fishel & Co., whose label on every garment is a guarantee that the clothes are equal to "custom made" in every particular. Therefore, whether it is a sack suit, a cutaway or a Prince Albert frock, a pair of trousers, a top coat or an overcoat that you need, do yourself the justice to at least see our offerings—and then go to your tailor if you like—but you won't.

The Greatest Clothing Sale

In the History of This Country.

$20,000 Worth of Clothing

Must Be Sold in the Next 30 Days

50 pr ct. less than Manufacturers Cost

Sale To Open

WEDNESDAY, November 23.

This stock is representing the production of one of the best and most popular Eastern clothing manufacturers, who finds himself today badly entangled financially, pushed to the very well of ruin, and must save his honorable name at all hazards. You must remember that this is no idle boast nor a statement of a fanciful mind, but we mean to substantiate every syllable we utter. We positively guarantee that our All Wool Clay Worsted Mens Suit for $6 50 must be as good in every detail as the kind sold here for $13.50. An all wool up to date Kersey suit for $5.50 must match any one sold for $12.50. The all wool Cashmere for $3.50 must surpass the $8 kind you get elsewhere. Our $2.50 suit must look as good and wear as good as any $6.50 suit in this market. Covered Cloth and Blue Kersey Overcoats for $4.50 and $5.00 we are satisfied to guarantee to be actually the same as the $10 and $12 goods sold by every retail dealer. Pants for 75 cents, $1 and $1.75 will take place of the best $1.75, $2.25 and $3.00 goods. If you don't find them as we say, bring them back and you shall get your money.

REMEMBER

this is is your first, and possibly the last chance in your entire lifetime, to purchase your clothing direct from the manufacturer at such ridiculously low prices. You are all invited to come, and must come early, for the goods will move fast and you don't want to miss it, the only thing left.

Remember the place. Our store is in the

McAdoo Building,

N. Balser, Manager. Corner East Market and Davie Strsts.

P. S.—The first gentleman entering our doors when we are ready for the opening of our sale, will be presented with a suit of clothing worth $8.00.
